To whom it may concern my name is Buck Frely #461481 I am filing a law suite on Grand Traverse county Traverse city Michigan 49684. I am filing a law suit on Grand Traverse child protective Services and the Grand Traverse county Court house family division and on my Attorney Jacob Graft office located on front street Traverse city Michigan for perjury and fails police report and cops. lying on the stand to the Judge to take my kids from me in 2017 and took my kids from me for 9 months and left me homeless and without my family. I was very ill and had bad health conditions and was forced to live with strangers and had to take Anger management classes and parenting classes and had to see my kids on saterday at child family service at in Traverse city Michigan. I was falsely accused and the person who made the statement made a fails police report and after ~~the~~ six months the person who made the complaint finally told the truth and I called my Attorney and he told me that the plaintiff told the truth and said he lied and I said so I can go home and he told me no. Cops kept me from my family for nine months and took my kids from me for 9 months.

the charges even after they knew the plaintiff lied to c.p.s. and the police they still kept me from my family my wife and son and I told the c.p.s. and c.p.s. what happened and all are stories were the same but the police and c.p.s. did not care. c.p.s. did an emergency hearing with the family court division in Grand Travers county to have my kids removed from my care and gave them to their mother Amanda Fray my wife. the lady from c.p.s. told the courts ~~that in~~ that I Beat my wife with a baseball Bat in 2010 and that is why they wanted to have my kids taken from me. she lied to the Judge in open court and committed perjury to get my kids taken from me. I want to add that in 2010 I did not ever touch any one with a bat and there is nothing on my record that states that and plus even if it did happen in 2010 what did that have to do with what was going on in 2017 they were constantly picking on me that is c.p.s. that is a c.p.s. worker named erin cliff kept trying to pick on me to get me mad and would make remarks to purposely try to anger me and get a rise out of me. I have never touched my kids in any way and what I did in 2017 I

1. me protect the m. when can I see the kids back on a bat

in 2017 early april at the goodwill Inn we were staying for we were homeless my wife had not been staying with the boys and I for she was having an affair on me and we just found that out in 2017 about the end of march I took care of the kids and kept them safe and took care of them. So in early april my wife told me about her affair that she had and she did it for almost ~~six~~^{seven} years. I took her back and never called her any names and never yelled at her I just told her to come home or come back to me and are family she came back to the goodwill Inn and was back for 3 days and are son dakota Fraly who was 17 at the time started beating up his younger brother Anthony fraly was 14 and dakota is way bigger than Anthony at that time so being a dad it is my job to step in and stop the fight dakota picked up Anthony and picked him up over his head and body slamed him on the cement floor I walked over to dakota my son and grabed his arm and put him up agest the wall and told him to stop never once hitting him dakota spit in my face and I grabed his shirt and walk him to the bed room to sit him down on the bed

to cool him down and as we entered the bed room Dakota punched me in the face and my reaction I ~~slapped~~ slapped him and my wife came in the room to get in the middle and fell on the floor I did not touch her. It was an accident. The next day Dakota went to school and told the school I ~~slapped~~ Slapped him for no reason and I threw my wife on the floor because I was bored and cops came we told them exactly what happened and my wife and my son Anthony and I all told them what happened but they still took my kids and my wife took my car kids from the goodwill inn and took my kids to her boyfriend's house while we had an open cops case my wife's boyfriend smokes dope and drinks and I had to suffer and could not do anything during that nine month's cops case was going on I am suing for mental agues and defamation of character and being falsely accused and lied about and putting me threw a mental break down. After my wife move the boys to her boyfriend's Dakota ~~was~~ ^{was} smoking cigarettes dope and drinking my kids were not allowed to do those things at home I forbid it my wife told me not to tell cops about her having the kids at her boyfriend's house.

C.P.S case of they would take anthony for he was still a minor so I had to suffer knowing my kids were with ~~an~~ another person than there dad. It was a big slap in my face to find out the person you love is cheating on you and taking her back and then take our kids back to his house. This never would of happened if the plantiff would not have made a false police report and if C.P.S would not have lied to the courts to get my kids taken away from me so everything in this letter is true and to the best of my knowledge and I will testify in open court this is a sworn Affidavit By me Buck Fray #461481 Thank you and I would like Anthony Fray Amanda Fray - C.P.S and Grand Traverse Police Department and my Attorney Jacob Graft to be called to court and all reports from C.P.S Attorney and the police.

Sincerely

Buck Fray
